

XCTestCase

```
classDiagram
    class XCTestCase
    class WeatherReportTests
    WeatherReportTests --|> XCTestCase
```

The diagram shows two class boxes. The top box is labeled 'XCTestCase' and has two empty rectangular compartments below the name. The bottom box is labeled 'WeatherReportTests' and has two empty rectangular compartments below the name. A blue arrow with an open triangular head points from the top of the 'WeatherReportTests' box to the bottom of the 'XCTestCase' box, indicating inheritance.

WeatherReportTests
